

TURTLE CROSSING SIGN CONTEST 2026

We want your turtle crossing awareness design!

Hi, we're Project Terrapin from the Marine Academy of Technology & Environmental Science. You may see us working on your road during the summer! We are sponsoring our second diamondback terrapin (turtle) road crossing awareness contest. More specifically, we will be selecting a winning sign design and use the winning design to produce lawn signs for residents to display in areas where diamondback terrapins cross roadways to nest. Contest information is on the right hand side including submission information.

***This contest is open to all grade levels, residents, etc.
with the deadline for submission by March 31, 2026***

The winning design gets Project Terrapin Wear!

"Conservation involves all of us"
